Court To Decide Action Against District Hospital

Briefs Submitted In Action Brought By Doctor Against Board

Superior Judge Vernon Stoll has taken under advisement briefs submitted by attorneys in the action brought against the Tahoe Forest Hospital by Dr. Thomas D. Wyatt of Crystal Bay, who charged he was not permitted to practice in the local institution.

The suit was filed in June, 1955, against the hospital and its directors, James Sherritt, Charles R. Heller, I. Firpo, Ace Abbott and Warren Porter.

Dr. Wyatt charged that he was turned down on his request to use the hospital without proper hearing.

The defendants charged that Dr. Wyatt's record of medical license revocations and restorations in California and Oregon were found unacceptable by the hospital as allowed them in discretion under the law.

J. J. McGlade, manager of the hospital, was among the witnesses called and exhibited 29 copies of letters and minutes of the board substantuating the denial of the right of Dr. Wyatt to practice in the hospital.

Although Dr. Wyatt had asked $25,000 damages for loss of practice ,it was generally agreed that this would be waived if the decision rendered favors the plantiff.

Officials Scan Air Port Project Here

Carl Hand, Northern California field representative for the CAA William A. Drum, field representative for the California Aoernautics Commission and Walter Gilfillen, a CAA engineer, were here last week to inspect the site of the proposed North Tahoe Truckee Airport.

After going over plans with members of the planning committee, the three accompanied W. M. Englehart, Jr., local committee member on a tour of the field in an effort to determine the best location for a landing strip.

The officials were enthusiastic over the prospects for a local field and the site was again given approval by the stateand federal agencies.

They approved the strip planned by William Mason of the Tahoe Airlines for a temporary landing area. However, it was stressed that that location is not necessarily the one which will be chosen if and when a district is formed and the port actually started. Mason is being offered an agreement which will be terminated with the formation of a district and in any event will not be valid after June 30, 1959.

C. Edmunds, chairman of the local planning committee, who is negotiating the agreement with Mason's concern, was absent from the area during the visit by the officials but said he was keeping in close contact with them as plans develop.

Supervisors of Placer and Nevada counties are expected to call an election on the proposal to form a district in the near future. This step will not involve the voters financially and offers to finance the district's share of the cost of the port construction have been received, Edmunds said.

CARL PAINTERS ARE HURT IN COLLISION

Mr. and Mrs. Carl Painter, well known Truckee couple, and a Sparks lumber worker were injured—none of them seriously—Sunday night in a near headon collison on Highway 40 about two miles west of Reno.

Treated at Washoe Medical Center were Mr. and Mrs. Painter, and Edwin H. Davis, 28, of Sparks.

Investigating sheriff's deputies said the Painters were enroute to Truckee when Davis pulled his auto from a motel into the path of the westbound vehicle.

Painter suffered bruises and cuts his wife incurred facial cuts, and Davis was treated for lacerations about the head.

Davis was cited for erratic driving.

FATHER EXPIRES

Last rites were held in Lewiston, Idaho, Thursday for Lester Flasher, 62, a retired lumberman and father of Mrs. Virginia Doran, who resided here with the R. Joseph family when her former husband, the late Lieut. Lavon Joseph was serving in the armed forces. Flasher had been in ill health for some time.

SCHOOL HOLIDAY

Superintendent John Corbin of the Tahoe-Truckee Unified School District announced this week that Veterans' Day, Monday, November 11, will be observed as a holiday and no classes will be held.

Rablins To Roseville—

Mr. and Mrs. O. J. Rablin left last week for Roseville.

Floriston Crossing Again Crops Up As Community Hazard

Residents of Floriston, Supervisor H. G. Loehr and others interested are attempting to work out a solution to a new problem which has provided a highly unsatisfactory condition for school children and parents in that community.

In a surprising reversal of a tentative agreement, the Southern Pacific Company has barricaded the grade crossing walks used by the community for many years, and disclaimed any responsibility for the construction of new crosswalks.

However, company officials said they would be willing to discuss the matter with community and county officials at any time in an effort to work out a solution.

The barricade action was taken as a result of a personal inspection by Superintendent V. E. Anderson, who agreed that the present crossings are appalling, but could offer no help.

Definite Hazard

"There is a definite hazard of injury to these small children crossing our eastward and westward tracks at this point," Anderson said. "(it) left me no alternative but to protect the interests of the Southern Pacific Company . . . We stand ready to meet with the people of Floriston to resolve this problem, but with the understanding that the cost of any footbridge placed over our tracks would have to meet with our requirements, and the cost to be met by the county or the state, under whose jurisdiction is the problem of getting the children to the highway."

Previously, S.P. officials had indicated they would correct the situation to permit safe passage of children from Floriston to Highway 40 where they would board school buses. At present buses cannot go into the community as the narrow road underpass will not accommodate the buses.

Unless the residents of the community violate the barricade, it means a distance of a mile must be covered to reach the highway via the narrow access road.

Loehr said at the moment he is without an answer as to what the county can do, but agreed to attempt a solution.

In the meantime, Floriston residents are faced with the alternative of either traveling the additional mile to reach the highway or go through the barricade—either course being hazardous and far from satisfactory.

NOVEMBER POT-LUCK PLANNED BY DANCERS

The Donner Dancers will have their November potluck supper tomorrow evening in the Veterans building. Supper will be served at seven.

Last week the group welcomed Jerry Way, Lary Miller, Victor and Marsha McLane, Earl and B. J. Smith and Carl and Bea Whitefield as guests to their Halloween party.

Darol McGihon, president of the Donner Dancers, announces that the group plans to start a beginners class in square and round dancing in the near future. Anyone interested is urged to visit the group's dancing parties every Friday.

THREE ARE INJURED IN FREAK ACCIDENT

Three young Tahoe City people were treated at the Tahoe Forest Hospital last night as a result of a freak accident near Big Chief Camp of Route 89.

Hurt when a car driven by Louis Ward Steiger, 19, of Big Chief hit a horse on the highway were Lynn Bradley, 18, Sheran Bechdolt, 16, and Chris Bechdolt, 19. Steiger took the three to the hospital for treatment.

The horse, belonging to Bud Jones, Tahoe City, had wandered onto the highway and was killed, the highway patrol reported.

"JUDGE" SMITH HURT IN GHOULISH MISHAP

C. E. Smith, highly respected, long-time resident of Truckee, sustained very painful injuries to his face and body when he failed to see a telephone pole in the dark that had been placed across the road near his home by Halloween pranksters, evidently large enough to realize the outcome of the ghoulish activity.

The elderly man was stunned by the fall and called for help for some time before a motorist came by, summoning Earl Smith to his father's aid.

Wolverines Play Final Game Here With Miners Sat.

Lose To Winnemucca 20-7 To Be Eliminated In Championship

by JOHN FIRPO

The Tahoe-Truckee Wolverines Friday lost a 20-7 verdict to the Winnemucca Buckaroos and dropped out of contention for the 'A' division championship. The title was taken by the Manogue Miners who have a 4 win 0 losses conference record and 7 win 0 losses overall. The Wolverines will host the Miners this Saturday at 1 p.m. The Wolverines will have to win this to earn second place.

At Winnemucca neither team in the first half could muster an offensive threat and the half ended 0-0.

In the third quarter, a Buckaroo pass gave the hosts their first score and they led 7-0. Into the fourth quarter, the Buckaroos again hit pay-dirt twice, once on a pass and then on a 45-yard T.D. run making the score 20-0.

The Wolverines' passing finally began to click in the fourth quarter and a 11-yard run by Dick Decker led to the Wolverines' only score. Holbrook kicked the conversion and the game ended 20-7.

On defense, Trainor, Schull. Donaldson, and Williams played their usual fine game as did Charles Bailey, a defensive end from Yuba City who was transferred last week to the school. Cooper, Holbrook, and Decker looked good on offense.

The JV Cubs ended their season two weeks ago with a surprising win over the Placer JV 30-0 at Auburn. Sam Medford, Dave Kettinhoffen, Bob Merica, and Jerry Cinani played very good ball both on offense and defense. Many first stringers moved up to play with the varsity for the remainder of the season.

Saturday's final football game for the Tahoe-Truckee Wolverines, as they host the conference champion Miners from Manogue High school, has been changed to 1 p.m. starting time rather than the usual 2 p.m. time, due to the cold weather and short days experienced in the area this time of year.

SCHOOL HOURS ARE CHANGED IN REGION

School hours throughout the Tahoe-Truckee Unified District have been changed during the winter months, Superintendent John Corbin announced this week.

Effective yesterday, the lunch hour was reduced to 40 minutes instead of an hour, which will permit buses to leave 20 minutes earlier in the evening from all schools.

This was found advisable, particularly during stormy weather, and will permit children to reach home before darkness sets in.

The lunch hour at the high school, Principal William Sciutto said, will be from 12:10 to 12:47 p.m. and school will recess for the day at 3:10 instead of 3:30.

The lower grades in the elementary schools will leave at 2:10 instead of 2:30 as in the past with the same period for lunch as at the high school.

POLIO VACCINE CLINIC AT SCHOOL TUESDAY

There will be a polio vaccine program at the Truckee elementary school next Tuesday, November 12 from 8 to 9 p.m. For those who can afford to pay, a charge of $1 per shot will be made.

The Tuesday program is primarily for the third injection for adults and pre-school children. School children will receive their immunizations at schools they attend. Local doctors are donating their time for the clinics.

GREAT BOOKS CLUB MEETS NOVEMBER 13

Mrs. Al Cavallo and Roy Baker are leaders for the November 13 meeting of the Great Books Discussion of Jonathan Swift's Gulliver's Travels will begin at 8 p.m.

Mr. and Mrs. Bob McLane of Tahoe City have invited the group to meet in their new home and to be their guests for this meeting. The new house, just recently occupied, is a few lots above Highway 89 just west of the Tahoe City Catholic Church. Anyone seeking transportation may call Mrs. Hilda Hintz or Roy Baker.

SUNBEAMS

By WALTER M. BARRETT

Last week, the Grass Valley Union took some healthy editorial slaps at Truckee, its supervisor and its newsaper because of the unified stand against imposition of a county sales tax. The westend newspaper has every right do everything it can to promote its city and any editor worth his salt would do just that, and we do not take personal exception to the remarks. However, we would like to draw attention to one item in the story which we felt was entirely uncalled for, unjust and, to the best of our knowledge, absolutely false. By contributing to the sale tax fund, the Union said, "Truckee in effect would be assisting in paying some of their own freight." What was meant by this puzzles us, unless they believe we are now, and have been, enjoying a free ride at the expense of the two cities and the other unincorporated areas of the county. We would suggest that before other insinuations are made that the writer check with the assessor and tax collection, or inquire of state agencies which col-

Continued on Page 8

Land Ownership Is Probed By District

Directors of the Truckee Sanitary District have launched a full-scale investigation to determine the status of the district's ownership of land currently used as a portion of the disposal plant but which is claimed, in part, by Warren B. Richardson of Reno.

In a letter to the board, Richardson stated that at least a portion of the plant east of here, had been utilized by the district without his knowledge or consent, but that he is willing to negotiate with the board for its total sale.

At the time the district was organized back in 1927, 1.29 of and acre was purchased from Richard son Brothers, for $500, according to J. J. McGlade, present board secretary. Richardson in his letter offered the balance of his property in that vicinity at the same rate of $387.60 per acre for 58.7 acres, which roughly would amount to about $22,000.

Work of enlarging the plant several years ago was done by a previous board and the present members, without adequate old records, are attempting to determine just where the district stands.

Joe Mattos, one of the directors, said he has no doubt that the matter can be straightened out without difficulty, but that it will handicap future development temporarily but that as soon as the board determines the value of the claim, steps will be taken to continue planned improvements.

McGlade said that attorneys for the district have been asked to work on the case and have advised members that little difficulty is expected.

PUBLIC INVITED TO BUILDING MEETING

C. Z. Smith, Truckee member of the Citizens Building Committee, said this week that the meeting slated for Wednesday by the group, has been postponed until Friday when a luncheon will be held at Smart's Cafeteria.

The committee was named by the Nevada County Board of Supervisors to make a study and report on the need for additional public buildings and alterations on present ones i nthe county. Stanley Halls of Grass Valley is the committee chairman.

Anyone interested is invited to attend Friday's meeting.

In Arizona—

Mr. and Mrs. Earl Stice were away for three weeks on a vacation trip into Arizona.

Health Department Phone—

Richard Walker, sanitarian for the Nevada County Health Dept. here said this week that he may be contacted at the Veterans Hospital Hall between 8:30 and 9:30 Mondays, Tuesdays, Wednesdays and Fridays in person or by calling Luther 7-3423.

To Folsom—

Miss Mary Fleckenstein returned to her home at Folsom.

Further Study Of Sales Tax Needed Prior To Decision

Board Tables Hot Issue As Protests Filed Over Distribution

Due to the fact that no workable formula had been worked out for an equitable division of funds to be collected under a county sales tax, the board of supervisors Friday voted to table the proposed ordinance to permit further study of the whole setup.

Supervisor H. G. Loehr, who has voted to bring the ordinance before the board for a vote, led the fight to have the ordinance killed until further consideration by a committee, appointed to report on the feasibility of the plan, could be given. Loehr, who had steadfastly contended that he opposed the tax under plans submitted by representatives of Grass Valley and Nevada City for a 80-20 and 70-30 split, said the committee would hold a meeting in the near future at Truckee.

Members of farm groups and others appeared before the board in protest, while representatives of the two cities appeared for the tax.

Collect City Taxes

The board adopted a resolution from the City of Grass Valley to collect that community's tax and do the property assesssing. Under this agreement, the city will pay the county 1 percent up to $25,000 and one-fourth of 1 percent over this amount. Such a contract is also being worked with Nevada City.

The motion to table the sales tax proposition was made by Supervisor Mosco Smart of Nevada City, who had asked that the ordinance be prepared at the previous meeting. The motion carried unanimously, but it does not mean that the sale tax is killed, but only that further study and an educational program be inaugurated to reach an agreement on equal distribution of the funds collected.

County Is Asked To Sponsor Mallet

James Sherritt, representing the Truckee Rotary Club appeared before the board of supervisors Friday to ask the board to sign for a Southern Pacific mallet locomotive to be permanently placed in Truckee as a memento of the community's history.

Since the railroad has converted to diesel motors for power, the old "Iron horse" is fast becoming a relic and the company is willing that they be used by railroad towns as souvenirs providing legal sponsorship can be obtained.

Since Truckee is unincorporated, it is necessary that the county assume this responsibility. Supervisor H. G. Loehr is behind the project and businessmen and civic organizations are urging the county's favorable action.

The old mallet played an important part in the history of Truckee and if any community in the system should have one, it's Truckee, sponsors of the plan declare.

SENATOR JOHNSON TO ADDRESS LOCAL DEMOCRAT GROUP

State Senator Harold T. Johnson has accepted an invitation to speak at the organization meeting of the Democratic Club to embrace the east ends of Nevada and Placer Counties on the evening of November 15 at 7 p.m. The place of the meeting, according to Joe Mattos, local Democratic leader, will be announced next week.

The 7 p.m. meeting is for all registered Democrats and their friends and at 8:30 an open house will be held for everyone to meet the headline candidates expected to attend, Mattos said.

Large delegations from all nearby counties are expected.

WOLERTS RETURN AFTER EUROPE STAY

Mr. and Mrs. Jack Wolert have returned to the United States after spending seven months touring Europe. Mrs. Wolert stopped off to visit friends and relatives in Stockton and Wolert, who arrived home Monday, planned to return to the valley and the couple may spend the winter here.

Wolert said the tour was very enjoyable, but that he was glad to be home and hoped to remain here from now on.

Driver Dies When Speeding Sport Car Crashes Near Here

Donald Warren Harwood, 27, Sacramento, was killed instantly at 7 a.m. Wednesday when the light sports car he was operating left Highway 40, five miles east of here and crashed into the rocks.

Harwood, alone in the car struck his face in the rocks and it is believed he died instantly. The body was removed to the Truckee Colonial Mortuary and Coroner Alvah Hooper is making arrangements for shipping it.

Sgt. Frank Snyder of the California Highway Patrol said it was evident that Harwood was traveling west at a high rate of speed. This was indicated by a report from a Greyhound Bus driver who said the car passed his bus just west of Reno at a terrific speed and that it struck a guard rail in its flight.

Mr . and Mrs. Luther M. Smith of Capitola were seriously injured and taken to the Tahoe Forest Hospital Sunday after their car left the road and overturned near Big Bend on Highway 40. Tuesday they were transferred to Reno for specialized treatment.

High School Band Will Play At Game

The Tahoe Truckee High School "Wolverine" Band will go to the University of California at Berkeley Saturday to participate in the annual "Cal" High School Band Day.

There will be approximately 105 high school bands playing at the same time during the half-time pageant. Schools from all over the state will be represented and the University of California Band will act as hosts to the visiting high school bands. After the half-time extravaganza, all bands will retire from the field and continue watching the Oregon State-Cal football game.

The Tahoe-Truckee Band is directed by Ross Price. The following band members will perform for TnT Saturday: Stan Baker, Susan Evans, Cynthia Reynolds, Gavin Roberson, Mitchel Terkildson, Louisa Sciutto, Charles Bailey, Varien Frey, Dorothy Corbin.

Dorothea Frey, Judy Giovannoni, Jim Harper, Larry Rolison, Stan Stock, Doug Forrester, Jim Loynd, Sam Medford, Bill Notley, John Olinghouse, Tim Risden, Dennis Rickert.

Randy Shultz, Doug Ball, Bill Thornton, Marilyn Plevel, Jim Shull, Jim Hutchins, Paul Mason and Penny Hulbert.

The band will be directed part of the time by Joe Romo, who was elected drum major.

The program will be an all-day affair for the "Wolverine" Band. They will leave Truckee at 2 a.m. and return Sunday afternoon to the high school.

Success Marks Dinner As Funds Are Raised

Two hundred and forty dollars have been added to the Truckee Elementary Teachers Scholarship fund to provide some local student with funds for higher education as the climax of the dinner held Saturday evening in the local school building.

Weston Sauby, principal, said that the event owed it's success to the grand cooperation of the people of the community.

NAME IS SOUGHT TO DESIGNATE ROUTE

Anyone with a suitable name for a new county road extending from Truckee to the Donner Memorial Monument is invited to submit it to H. G. Loehr, chairman of the Nevada County Board of Supervisors.

With the construction of the new freeway in this area, possibly next summer, the county will take over the present route of Highway 40 from the interchange at the James McIver home to the monument and in order to properly designate the road, a new name is required.

Loehr is inviting everyone to submit their preference so that a fitting designation can be given. Names may be submitted in cards, letters or in person.

Recuperating—

Mrs. C. Z. Smith is satisfactorily recovering following an operation performed Friday at Tahoe Forest Hospital.

Robarts, Buek Die In Plane Crash At Donner Lake

Tragedy Witnessed As Two Local Men Hurled To Death

Tragedy hit two local families Sunday afternoon when a light plane carried Charles Richard Robarts, 26, and Richard Carl Buek, 28, to their death in Donner Lake.

Deputy Sheriff Roy Waters, who with Deputies Emery Lander and Ralph Ayala, investigated the crash, said Buek, an experienced pilot, was apparently teaching Robarts how to pull out of a spin at a height of some 200 feet when the motor stalled and the Cessna 140 failed to respond and crashed. The accident occurred just off the Donner Pines pier at the east end of the lake.

The investigation revealed that the two young men died as a result of the crash and neither drowned in the 50 feet of water.

Towed To Shore

Berger Nelson, his son, Berger and Larry Simpson, operator of a tractor, were working on the beach and witnessed the tragedy. They immediately rowed to the partly-submerged plane and attached a line to the tractor to bring it to shore. The bodies of the two occupants were strapped inside and evidence showed they died instantly.

The plane had been purchased only a week earlier by Robarts and Kenneth Gordon and the latter

Continued on Page 8

Commission Will Plan Local Zoning

Definite steps toward precise permanent zoning in the Truckee and Donner Lake area were taken by the Nevada County Planing Commission at its regular meeting in Nevada City on October 29.

Nearly two years ago, at the request of residents in these areas, an "emergency zoning ordinance" was enacted by the board of supervisors. The planning commission supported the passage of this ordinance with the understanding that the residents interested would immediately proceed with preparing recommendations for permanent precise zoning, designating certain territory as residential, commercial, or industrial as the case might be. The commission would then be in a position to study these recommendations, and itself to make recommendations to the supervisors, A.

LAST RITES HELD FOR TAHOE CITY FATHER

Funeral services will be held Friday at 2 p.m. at the Truckee Colonial Mortuary for James Gleo Ellis, 43, who expired here Sunday morning following an apparent heart attack. Burial will be in the Tahoe City cemetery. Robert Ney will officate.

Ellis, a truck driver, had been employed at Tahoe City for the past four years.

He is survived by his wife, Ida Lillian and the following children: Mrs. Dorothy Lee Clark of Los Angeles, Mrs. Shirley Nadine Goddard of Montana, James William Ellis in the navy, Dennis Wayne, Louis Eldred and Ida Nell Ellis all of Tahoe City. His mother, Mrs. Katie Ellis resides at Madera and one brother, Edgar, also lives in Madera, a second Cleo Ellis at Los Gatos. A sister, Mrs. Marie Hillard resides in Los Angeles and there are several grandchildren, nieces and nephews.

DIFFICULT CONCRETE JOB IS COMPLETED

G. E. Lewis, Truckee contractor, has just completed a difficult job of pouring 60 yards of concrete into Tower 21 on the Mt. Lincoln Lift at Sugar Bowl.

There is no road to the tower, so the concrete had to be carried up by bulldozer to within 100 feet of the job and then winched to the tower itself. The tower is located in a narrow gully and is in slide area, adding to the difficulties of the work.

BABIES ARRIVE AT DISTRICT HOSPITAL

Lesli Ann Johnson, 7 pounds, 12 ounces, arrived at the Tahoe Forest Hospital at 3:10 a.m. Monday, November 4 and is the daughter of Mr. and Mrs. David Johnson of Squaw Valley.

On October 25th, Martha Gomez, 6 pounds, 7 ounces, was born to Mr. and Mrs. Miguel Gomez of Truckee at the local hospital.

The infant daughter of Mr. and Mrs. Jimmy Fong of Truckee was born November 3 but expired the following day.

BOARD MEETING

A meeting of the governing board of the Tahoe-Truckee Unified School District will be held at the high school Tuesday, November 12. Routine business will be discussed and President Reg Smart will preside.

FISH and GAMER

By EDWIN S. CAPPS
CAPITOL NEWS SERVICE

SACRAMENTO —(CNS) — At least 237 California hunters had to learn their safety first rules the hard way in September. They were arrested for carrying loaded guns in motor vehicles.

Of course, there's a harder way than by arrest to learn the lesson of unloading gun chambers when carrying them in automobiles.

In a way, it seems foolish for all of us—who are skillful in handling firearms—to have to unload the chamber before driving or riding. It's foolish in the same way it's foolish for buses to stop at all railroad crossings. But how often do you hear of buses being hit by trains?

The answer to that, of course, is never. And it's a cinch no hunter ever could be shot accidentally by his own weapon in a car if it wasn't loaded.

Just about the time many sports men were resigned to "no comment" on deer kill figures this year, same new developments have come up which make silence a bit difficult.

When the buck season in the coastal season fell off by nearly 20 per cent and the inland-Sierra season gave evidences of being down considerably from last year, there was considerable rumbling among critics of the department of fish and game.

Such critics said the lower kill was the result of the either-sex hunt held last year. However, such charges were answered by the department with the explanation no harm from last year's hunt—if such there were—could show up in this year's results. The department chided critics with the admonition that any harmful effects from the 1956 hunt could not be seen before 1958.

That seemed reasonable enough to all but the most arch critics so the "wait and see" attitude was adopted by many.

However, comes now the department, going against its own advice, and boasting the buck kill in some of the critical counties had been higher than last year, with a definite inference this should throw the fears of harm from last year's slaughter out the window.

"Also of interest," the department's monthly report to the governor said, "is the fact that in the counties of Butte, Calaveras, El Dorado, Glenn, Nevada and Tehama, in which hunters were reported dangerously concentrated during the 1956 either-sex deer season, have produced a higher buck kill in 1957 than for the same period in 1956."

Who is jumping to premature conclusions now?

The F&G department appears to be headed for a new record as being the most investigated agency in state government. During testimony at the 1957 legislature—when a sweeping $100,000 probe of the department was under discussion—it was reported some seven legislative studies of the department had been made.

The $100,000 investigation, to be made by a private consultant firm, was authorized and is underway. And now the assembly committee on governmental organization has assigned a subcommittee to study fish and game operations, with an eye toward improving efficiency and reducing costs.

UPENDED AFTER SECTION was all that remained intact of an unmanned U. S. Navy airship which was cruising more than five miles away when a recent atomic test device was exploded in Nevada. The remains of the forward section are on ground at left. Among the experiments conducted during the current Nevada atomic series, called Operation Plumbbob, are tests of nuclear effects on shelters, doors, vaults and buildings which could serve civilians in time of attack. Relative Of Donner Party Surviver Dies At Sonora

Funeral services were held at Jamestown, near Sonora on October 22 for John Quincy App, 93, grandson of the late Leana Donner App, daughter of Captain George Donner, one of the leaders of the famed Donner Party.

App, a native of Jamestown, was the last surviving grandson of Mr. and Mrs. George Donner, both of whom perished near here in the tragedy of 1846.

Practically all popular ski areas in the western United States are on national forest land.

NEWS NOTES FROM TAHOE

By Naomi McLane

Tahoe City, Box, 711. Juniper 3-3187

Rotary Meets

Rotary met Tuesday night at Bacchi's Inn in Lake Forest. Twenty-seven members and two visitors heard guest speaker Henry Aldrich of Lincoln and Tahoma tell about the racehorse industry in California. Aldrich, who specializes in the raising of racehorses on his stock ranch, said that the industry has a conservative investment of 150 million dollars. The recent Tanforn racetrack strike cost California taxpayers an estimated $1,750,000 in lost revenue, he said. He also felt that the striking employes gained very little as a result of their strike. Martin Spitsen presided in the absence of President Warren Porter.

On Trip

Fred A. Kilner leftthis week with his wife on a motor trip to Florida. They planned to go most of the way by Highway 40 until they reach Highway 1 for the southern most state. They will return in about a month to Palm Springs where they will spend the winter.

Sandbaggers Win

Lake Forest went down to a glorious defeat by the Crystal Bay Sandbaggers in what must have been a dazzling golf competition Friday afternoon. Bill Hunter, Steve Korich, Ernie LePire and Marshall Ruhkala conceded defeat to Mac MacCloskey, Brazil; Whitey the Sharpshooter and Ray Plunkett who said this is straight from one of the horses "had put in a week of hard practice just prior to the bout. Team Captain Mac MacCloskey came in with 43 in the back nine and 42 in the front nine with a 32 handicap." he losers will dine the Crystal Bay Sandbaggers their wives in their home territory next week.

Daughter Born

Dick and Afton Sprague have received word of the arrival of Merilyn Dunn on October 23 in Scotia, Calif. This new little girl is the third child of Wendell and Alice Dunn who until recently lived here in Tahoe City. Merilyn weighed 7 pounds at birth.

In Valley

Ernest and Hazel Hoxie and the children, Joe and Laura, went to valley this weekend to visit friends and relatives.

Party Success

The school Halloween party was a great success. Everyone was seen and saw and the division of children into their classes worked out well. It is to be hoped that the practice of giving prizes will be completely discontinued because the school population has grown so big that the judges are hard put to it to come to any decision. Also the emphasis on prizes has dimmed the fun of Halloween dress-up for too many of the youngsters. Halloween is wonderful enough without prizes.

Co-Hostesses

Patty Lewis and Jeannie Spitsen were co-hostesses to several of their school friends at the home of Patty's parents, Mr. and Mrs. Allan M. Lewis. The big room downstairs by the laundromat made a wonderful party place for the apple bobbing and other games that were played. Among the guests were Carol Hampton, Sue Swope, Barbara Keahn, 8rent Giannini, Grant Burmer and Joe Sheehan.

Another Party

Another party for a younger school wasgiven by Joan Palmer at her home at the foot of Dollar Hill. Her parents, Joh nand Jean Palmer, led the children in all kinds of activities culminating in a Halloween supper. Steffie Snyder, Joyce Anderson, Susan -Wright, Cathy Conners, Karen McBride, Jerry Jorgensen, Jeff and Tony McLane, Don Stowe, Jon and Jimby Caulkett and Pat Dempsey were among the fun-makers.

Open Cafe

Dick and Maizie Carnell opened Donaldson's Cafe at the Y Wednesday evening and will continue to run the eating spot for the season. The hours will be from seven till seven with a probable afternoon closing from 1 till 3 p.m. All three meals will be served daily.

New Paving

Mrs. Don Graham, librarian at the Julia Bechdolt Memorial Library, is very happy about the new paving in front of the library. County, state and town all pitched in to patch up the bad hole there. Mrs. Graham was hostess Monday to Jim Reynolds. fifth and sixth grade classes. She showed the children the uses of the card catalogue and each child was permitted to take out a book. Future visits are planned.

Confirmation Class

Sunday, His Excellency Bishop Joseph McGucken from Sacramento to held confirmation services here at the Corpus Christi Church. Young people and several adults from the whole lake and Truckee area received their confirmation at this time. Attending priests were Father O'Neill, Father McAllister, Father Doheny from Quincy, Father O'Brien from Portola, Carmelite Father Francis from Napa, Father Grace from Al Tahoe and Father Luke from Sacramento. Those being confirmed were: Joe Sheehan, Jim Huega, Danny Conners, Don Bradley, David Ayala, Charles Bergman, David Decker, Trent Giannini, Michael Bechdolt, Joseph drews, Parky Bechdolt, Joseph Parkhurst, Joseph Wainscoat, William Hunter, Jr., Joan Decker, Barbara Kamerrer, Virginia Baker, Cathleen York, DeeDee Frates, Judy Giovannoni, Linda Barnett, Sherry Curran Ruth Parkhurst, Cathy Curran, Diane Gill, Jeannie Spitsen, Cynthia Reynolds, Helen Patnoude, Linda Giovannoni, Joanne Pomin, Ray Bergman, Henry Toccalini, Chester Burns, John Anderson, Della Marquis, Ray Armstrong, Martin Spitsen Mrs. Lloyd Decker and Karen Decker.

Mass Hours

Father O'Neill announces that masses will continue to be held at the following hours at the following times until further notice: 8 a.m. at Corpus Christi here in Tahoe City; 9:30 a.m. at Truckee; and 11:'30 at Truckee.

BIDS FOR SALE OF LAND

Truckee Public Utility District offers for sale to the highest and best bidder, a portion of NE¼ on the NE¼ of SW¼ of Section 16, T17N, R16E, MDM and further described as that parcel of land located in the Southwest corner of the proposed Freeway Over-Crossing of Highway 38 and boundaried on the North and a portion of the East by Freeway fence and on the West and South by the relocated channel of Donner Creek. Dimension of this parcel after necessary relocation of Donner Creek (Creek relocation to be approved by the Truckee Public Utility District and Division of Highways and to be accomplished at expense of purchaser) is approximately 300 Ft. North and South and 180 Ft. East and West. Subject to restrictions.

Further information may be obtained from the Manager of the District.

Bids must be for cash on delivery of clear title deed.

Bids must be submitted in writing on or before 9 A. M., November 14, 1957. O31-N7

Construction of 109 visitor centers are planned in the National Park Service's 10-year "Mission 66" program.

CERTIFICATE OF COPARTNERSHIP DOING BUSINESS UNDER FICTITIOUS NAME

KNOW ALL MEN BY THESE PRESENTS:

That we, the undersigned, ROBERT B. TONINI and GEORGE J. BERTONCINI, do hereby certify that we are copartners transacting a general timbering, logging and forest products business in the State of California, under the firm name and style of TRUCKEE FIR; that the principal place of business of said copartnership is situated in the town of Truckee, County of Nevada, State of California, and that the names in full of all of the members of said copartnership, and their respective places of residence are as follows, to-wit:

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on December 4, 1957, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Placer and Nevada Counties, between Hampshire Rocks and 0.5 mile west of Soda Springs (III-Pla, Nev-37-F, B) about 6 miles in length four-lane separated roadways and frontage roads to be graded and surfaced with portland cement concrete pavement on cement treated subgrade and plant-mixed surfacing on cement treated base and bridges to be constructed.

Bids are required for the entire work described herein.

The time limit specified in the special provisions for the completion of work contemplated herein is, in the opinion of the State Highway Engineer, insufficient to permit completion of the work by the Contractor working a normal number of hours per day or week on a single shift basis. It is expected that additional shifts will be required throughout the life of the contract to the extent deemed necessary to insure that the work will be completed within the time limit specified. Any additional costs occasioned by compliance with these provisions will be considered to be included in the prices paid for the various contract items of work and no additional compensation will be allowed therefor.

In accordance wth the Streets and Highways Code, this contract will not be awarded prior to January 1, 1958.

The attention of bidders is directed to the fact that the work herein proposed to be done will be financed in whole or in part with Federal funds and that therefore all of the applicable Federal statutes, rules, and regulations will apply to such work.

The attention of bidders is particularly directed to the provisions of Section 7, article (a), subarticle (6), of the Standard Specifications regarding the use of domestic materials; to the provisions of Section 7, article (b), of the Standard Specifications regarding assignment of the contract; to the requirements of Section 7, article (h), of these special provisions regarding non-collusion among contractors; to the requirements of the special provisions regarding subcontractors; and to the prevailing wage rates predetermined by the Secretary of Labor as provided in Sections 5 and 7 of the special provisions.

Minimum wage rates for this project have been predetermined by the Secretary of Labor and are set forth in the special provisions.

In accordance with the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	Classification
	Skilled Labor
$3.30	Asphalt plant engineer
3.62	Boom type backfilling, machine operator
3.00	Boxman (asphalt plant)
3.225	Carpenter

2.605	Operator of vibrators and all pneumatic, gas and electric tools
2.755	Pipe layer, caulker, bander
2.755	Riprap-stone paver and rock slinger including placing of sacked concrete (wet or dry)
2.605	Sloper
2.55	Truck driver (less than 4 cubic yards water level)
2.69	Truck driver (4 cubic yards and less than 6 cubic yards water level)
2.725	Water truck driver—under 2500 gallons
2.82½	Water truck driver (2500 gallons and under 4,000 gallons)
2.925	Water truck driver—4000 gallons and over including semi-trailer)
	Unskilled Labor
2.505	Flagman
2.505	Laborer
2.505	Limber, brush loader and piler

The minimum wage paid to all skilled labor, for which rates are not shown above, shall be not less than $2.705 per hour.

The minimum wage paid to all intermediate labor, for which rates are not shown above, shall be not less than $2.505 per hour.

The minimum wage paid to all unskilled labor, for which rates are not shown above, shall be not less than $2.505 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

In event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the office of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS,
DIVISION OF HIGHWAYS.
G. T. McCOY,
State Highway Engineer.

Dated November 1, 1957. (O31-N7-14)

Tahoe-Truckee School District News

TRUCKEE ELEMENTARY

Kindergarten: our room mother, Mrs. Ed Frates, arranged a wonderful Halloween party for us. She was assisted by Mrs. Duke Worsham, Mrs. Robert Mosby, Mrs. Paul Doyle and Mrs. Louis Goicoa.

First: The following first grades can write both names from memory: Curtis Melugin, Joe Marcia, George Franceschini, Bruce Leamon and Jeff Jellin.

We wrote "thank-you" notes to our room mothers, Mrs. Elgin Johnston and Mrs. Walter Jellin for our wonderful Halloween party.

Second and Third: Our numberland special game in grade three, the purpose of which is to drill on number combinations to assure automatic responses, was won by Mary Ann Moore and Ronnie Walker. Those in second place were Darlene Doolittle, Bruce King, Wayne Mosby and Michael Gehrke.

David Higgins brought an interesting book about planets and stars to share.

We thank Mrs. Goldsmith, Mrs. Ayala, Mrs. Horman, Mr. McGlade, Mrs. Rose, Mrs. Saunders, Mrs. Collier, Mrs. Schuler and Mrs. Mosby for our very pleasant Halloween party.

Third Grade: Our star spellers this week are: Gail Englehart, Tim McLane, Cathy Braley, Sandy Miller, John Goldsmith, Ken Hensley, Heidi Euer, Micky Kenyon, Russell Glenn, Sharon Petersen, Dennis Richards, Pat Merica, Vicki Crandall, Sandra Wright, and Will Sassarini.

Susie Olano is back with us at last, with both forearms in casts. One arm was broken and other was operated on.

Everyone had fun at our Halloween party. Our visitors were Mrs. Braasch, Mrs. Melugin, and Laury Melugin, Mrs. Hedlund and Lance Hedlund, Mrs. Goldsmith and Patsy Goldsmith, Mrs. Sassarini and Robin and Sherry Sassarini.

Fourth Grade: Fourth graders elected the following officers for the month of November: Julie Knoff, chairman; Teresa Gonsales, co-chairman; and Diana Pankoke, secretary.

The Halloween party was royally entertained by the music of C. Lewis and M. Straub; the dancing of D. Pankoke; and the plays and poems written by the members of the class. Our thanks to Mrs. Hilda Hintz and the mothers who made the "party" possible. "Outstanding" performances in the three "R's" rate headlines for —. Knoff, and C. Hamilton.

Fifth: A most enjoyable Halloween and birthday party was given our room Thursday by our room mothers, Mrs. King, Mrs. Leamon, and Mrs. Sturcke. Those pupils having birthdays since July 1, were David Watts, Tod Bedrosian, Daryl Breakfield, Curtis Funk, Michael Harris, Judy McGwinn, Wade Mosby, David Sarant, Skippy Peterson, Kenneth Taylor, and Steven Davis.

Sixth Grade: Our class officers for the month of November are: president, Leonard Hensley; vice-president, Kenneth Stumbaugh; secretary-treasurer, Bobbie Frates. New classroom monitors were appointed by the teacher.

Leilani Braasch, Susanna Scuitto, and Candy Young received 100 percent in the four review tests in spelling last week.

Members of the class are making special reports on the countries of Central America and their main products.

We are planning a dance for Friday night and the fifth grade will be our guests.

KINGS BEACH SCHOOL NEWS

Kindergarten and First: We enjoyed a very nice Halloween party on Thursday. We had a mask parade, and played musical chairs. One of our room mothers, Leona Graton served refreshments. Cookies were made by Mrs. Roy Plunkett and Mrs. Larry Sheridan. Mrs. Tom Louderback made kool-aid.

First and Second: The following second grade children received 100 percent in their spelling test Friday: Bobby Brandt, Aaron Hibel, Diana Astle, Dianne Lausche, Mike Dapp, Eva Eckenboy, Mike Cook, Georgia Burris, Greg Pope, Randy Hiatt, Susan Tucker, Ann Felte, Patty Bervid and Joe Goodrich.

Third and Fourth: The fourth grade is learning about sentences in language this week. They are also working on the writing of good paragraphs.

Fifth and Sixth: The sixth grade is busy with Central America, this week. We have started learning "La Raspa," and everyone really enjoys it.

PRELIMINARY PLAN FOR TAHOE STARTS

A preliminary planning survey of the Lake Tahoe region, included in two California and three Nevada counties, was started this week by Wilsey & Ham, an engineering firm from Milbrea, Calif., according to an announcement by Joseph F. McDonald, president of the Nevada-California Lake Tahoe Association.

The survey is financed by the Max C. Fleischmann Foundation and will cost $1500.

Because of the scope of the planning required, the current survey is only for preliminary purposes to show the need for a more comprehensive plan. It is believed that because of the growing problems in the Tahoe area the plan will likely be extended providing the districts involved consent.

The survey will embrace nearly all phases of the district's activities, including housing, water, sanitation, fire prevention, zoning, traffic, laws and other matters of mutual interest and concern.

TNT TIDINGS

by NANCY WATTS

The Junior class, sponsored a very successful dance last Saturday night. Because of Mr. Alosi's much-appreciated help, the decorations gave the cafeteria the air of a dance pavilion. At about ninethiry some entertainment, which consisted of an act by three Junior boys, Tim Johnson, Buzz Trainor, and Craig Robinson, and some dances done by Renee Hall, were presented. The dance, enjoyed by all, ended at 11 p.m.

* * *

The delayed game with Winnemucca, played Friday on their field, was pretty good. Our team was not operating as sharply as they have been in previous games. A few rooters were able to be present and, for their number, made a lot of noise. Unfortunately, we lost the game, 20-7.

* * *

The first quarter of this school year ends this week. School has gone very fast this year and grades are now upon us. Hope everyone gets "A's."

San Francisco is 93.1 square miles in area, including submerged lands.

MOTHER, DAUGHTER HURT IN CAR CRASH

Mrs. Shirley Phillips and her 11-year-old daughter, Susan Scroggings, were injured in an automobile accident near Truckee last week. Mrs. Phillips told hospital attendants at Reno that the car she was driving hit a soft shoulder, causing her to lose control and the vehicle hit a tree.

DAMAGES ASKED IN TAHOE BOAT MISHAP

AUBURN—A suit for $19,250 has been filed by Phyllis Wyman after a boat in which she was a passenger ran out of gasoline and drifted onto rocks at Lake Tahoe.

Named as defendants are Mike Brown and the Mike Brown Boat Company, named as owners of the craft, and John McMillan, identified as the operator.

GEORGE DEAN NEW TELEPHONE OFFICIAL

GEORGE DEAN

Appointment of George Dean as vice-president and general manager of Pacific Telephone's Northern California area with headquarters in San Francisco was announced by Mark R. Sullivan, president of P.T.&T.

He succeeds E. D. Maloney, who has been named vice-president, personnel, with coastwide responsibilities.

Dean, who began his telephone career in San Francisco, returns to the Pacific Coast from New York, where he has been assistant vice-president of American Telephone.

He started with Pacific Telephone in San Francisco in 1924 as a commercial engineer and was vice-president and general manager of the company's Washington-Idaho area when he accepted a position as assistant vice-president, operations and engineering, for the American Company.

Maloney, a life-long bay area resident, started with Pacific Telephone as a salesman in San Francisco in 1925. In his new post; he suceeds Glen Ireland, who becomes vice-president responsible for the administration of plant, office, traffic, commercial and engineering operations on a company-wide basis.

Maloney has been extremely active in civic affairs and is currently president of the San Francisco Chamber of Commerce.

BEER MAKING TALK AT LAKE CLUB MEET

KINGS BEACH—President Fred Baker presided at the regular meeting of the Rotary Club of Brockway on Monday night, at Crystal Bay Club. After the introduction of visiting Rotarians and guests a new member was inducted into the club, Mike Kornazewich with the classification of floor covering contractor. Bill Bates of the Horseshoe Lodge and a charter member of the club was welcomed back.

Later the meeting was turned over to Wiley Jones, program chairman, who presented a film entitled "One Above All," which was enlightening on the manufacture of beer.

Plans are in the making for a 100 percent meeting in West Sacramento sometime in March. Ladies of Rotary are going to be in on this affair, too.

PLACER BOARD TO AID FIRE DISTRICT

AUBURN—A request for a $10,000 loan to operate the newly formed North Tahoe Fire Protection District until next year has been approved by the county board of supervisors.

Board members Monday authorized District Attorney Al B. Broyer to draw up resolutions to be adopted by the board and by the fire protection district board regarding the loan.

The action was taken after representatives of the district led by James Sergi, chairman, told the supervisors the district is in danger of losing its equipment without the loan.

NAMES DEPUTY

AUBURN—District Attorney Al B. Broyer has announced the appointment of Richard E. Tuttle of Los Angeles as deputy district attorney.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises described as follows:

S|S Hwy. 40 West End of Donner Lake, Nevada County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these premises as follows:

On-Sale General (Seasonal-Quarterly) License

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The form of verification may be obtained from any office of the Department. The premises are now licensed for the sale of alcoholic beverages.

Harold M. and Olga Welch

LOEHR NOT PLEASED BY COUNTY LAY-OFFS

Lay-off of the county road employes as an "economy" move by the Road Commissioner Robert Graham was attacked by H. G. Loehr, chairman of the board of supervisors at a meeting Friday.

"There is plenty of work to be done and this is not a matter of money," Loehr declared in censoring the policy of the commissioner, "and I don't like it."

Supervisor Guy Robinson said he did not wish to make a statement but said he believed Graham was attempting to operate his department the best way he could.

Loehr said he did not think it advisable to lay men off for weeks at a time and then expect them to do double duty when demanded of them. Good men, he added, would not or could not be obtained on that basis.

HEALTH CLINIC

KINGS BEACH—A child health conference is scheduled for November 15 between 1 and 2 p.m. by the Placer County Health Department. The clinic will be held in the Community Methodist Church.

DUNCAN RETIRES AS NORDEN OPERATOR

R. R. Duncan of Norden retired October 31, closing his telegrapher's key after being employed in that capacity for several railroads since 1909.

Duncan started his interesting career in Chicago, Ill., later coming west and became associated wth the Southern Pacific Railroad Company 44 years ago. Mr. and Mrs. Duncan have lived at Norden for the past 17 years and during the summer he traveled as many as 52 miles a day to and from his local office.

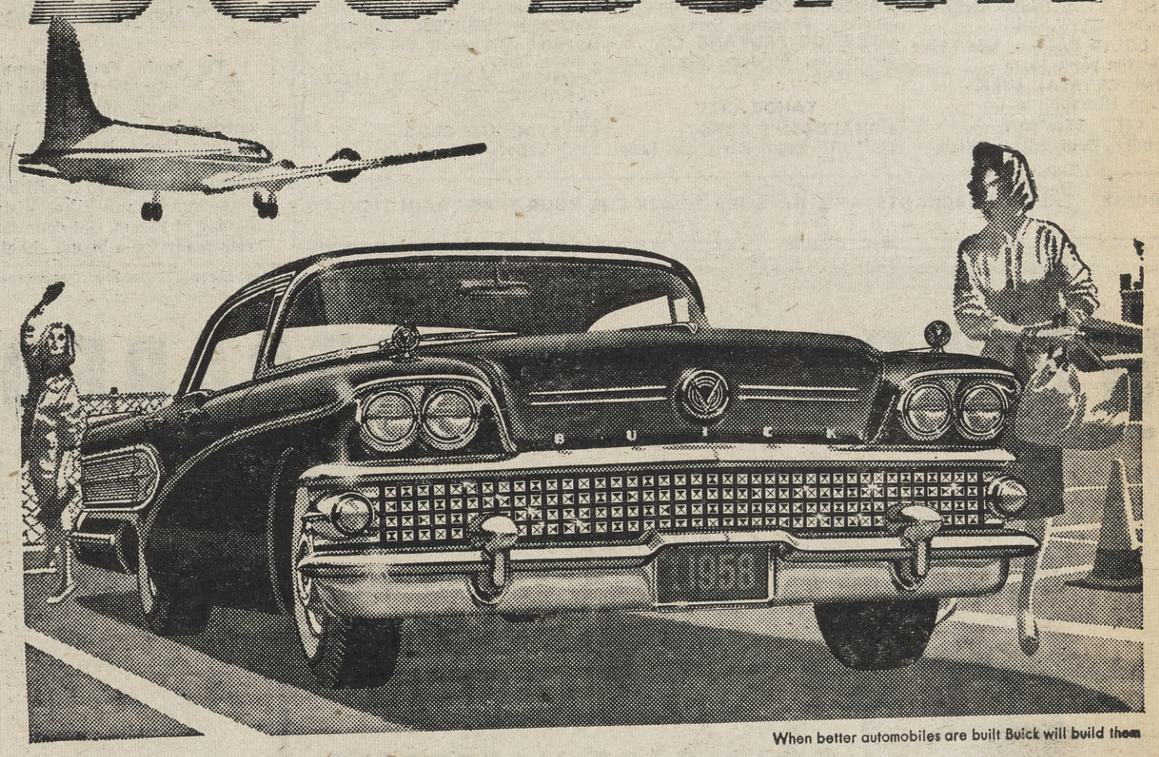
B-58 BUICK


When better automobiles are built Buick will build them
Born of more Aircraft Principles than any other car yet built
HERE—coming to you from the freshest blueprints in years—is a car built to make your driving as modern as your thinking.
This one's built with more aviation principles throughout than any car before.
There's a greater use of airweight aluminum in its form and structure—in its engine—in its styling—even in its quick-cooling brakes.
There's an air-borne feeling of flight in its performance with Buick's B-12000 engine and with Flight Pitch Dynaflow* that can switch the pitch a million ways.
And everywhere you go—you travel in new skyway comfort with Buick's Miracle Ride *plus* Air-Poise Suspension.*
So this is a car of truly exciting ideas for 1958—the Air Born B-58 Buick. And you should see it and drive it at your Buick dealer's soon. Come on in today.
NEVER SO MUCH SO NEW
★ Fresh bold styling with the Dynastar Grille.
★ The Miracle Ride plus Buick Air-Poise Suspension.*
★ Flight Pitch Dynaflow* with the instant flexibility of a million switches of pitch.
★ B-12000 Engine with 12,000 pounds of thrust behind every piston's power stroke.
★ Air-Cooled Aluminum Brakes* with smoother, surer control and longer life.
★ "Velvet Wall" Sound Silencing.
★ All built to exacting quality standards.
*Flight Pitch Dynaflow standard on LIMITED and ROADMASTER 75, optional at extra cost on other Series. Air-Poise Suspension optional at extra cost on all Series. Aluminum Brakes standard on all Series except the SPECIAL.

TAHOE WEATHER

TAHOE CITY — Indications of things to come are reflected in the weather chart at Tahoe City for the past week. The temperature has ranged from a high of 46 to a low of 25 and Saturday two and a half inches of snow fell. The lake level was 6227.34 with 300 csf of water leaving the gates Monday.

Golf

The Crystal Bay Club Tigers golf team took the Lake Forest Wolves to the cleaners last Friday and on their own course, too. The winning team consisting of George Brazil, Ray Plunkett, Mac Macoskey, Whitey Sumner, and the losing team Bill Hunter, Steve Korich, Marshall Rukhala and Ernie LaPire. The trophy is a filet steak dinner for the competitors and their wives, according to Ray Plunkett.

Lady Lions

At last there is a Lady Lions Club, organized in conjunction with the Lake Tahoe Lions Club. In fact, the first meeting and dinner was held at the Edgelake Beach Resort in Kings Beach with Mrs. Clarke Powell doing the honors. It was a great night, a really wonderful start with everyone full of enthusiasm. Marguerite Ashton is president; Mary Lou Waddell, vice-president; Elsa Culbertson, secretary, and Connie Morrell, treasurer.

Lions Again

A goodly number of the local Lions traveled to Minden last week to attend a meeting of District 4 N. Others clubs attending were Reno Arch Club, Sparks, Carson City and others. Our club is custodian of the bell belonging to the Minden Club. This was engineered by Walt Mandeville and Clarke Powell. This means a visit from the Minden Club to retrieve said bell. By the way, November 12 will be ladies' night at the Crystal Bay Club.

Taxes

I felt a lot better about the heavy tax rate after my wife and I were show over the new addition to the elementary school at Kings Beach by Phil Edwards, inspector of the building. I was amazed at the quality of the building, as it would take half dozen earthquakes to shake it down. The multi-purpose room is to be used either for two classrooms or for a gymnasium. besides two other classrooms. Altogether it is something to be proud of and adds to the growing beauty of Kings Beach. Last Thursday night the new and old parts were just crammed with the Halloween party participants.

To Iowa

Walley and Mary Skaggs will be on their way to Iowa any day now. Two of the grandest people in this world, and how we hate to see them go, but at the same time wish them health, wealth and all that goes with it. Walley will no doubt go back to his old job with the government. A going away party was held at the home of the Red Waddells.

After Many Years

We are going to miss our old friend, Orin Branch. We feel sure he will enjoy himself in Marysville. For many years Orin was a familiar figure opening and closing homes all over the area. He sold his residence at Hidden Village, Tahoe Vista and four cabins to Armando Lopez and Sam Levy of the bay area.

Home Again

Red and Mary Lou Waddell recently returned from a vacation trip taking in Utah and then Las Vegas, where they were able to have a few games of golf between rain showers. Mary Lou says that the green mountain sides of Lake Tahoe were actually a refresher for both of them, and now they can recuperate from their vacation, ain't that something.

Weather

Oh, yes, my regular weather report. Well, wadda you think, its been cold. Around 30 degrees since early morning when it was 23 degrees, but, oh, how beautiful these dark clouds hanging around, but up to 5 p.m. no snow, although there has been quite a bit close to us, even Carson City had a freak storm which deposited almost a foot.

Try Again, You Marksmen

The big Crystal Bay Club turkey and ham shoot, did not come off as scheduled on account of, not the weather there, but other stormy ploces, which would have made it hard to get here, so it will be held at the gun club in Tahoe Vista this Sunday at 10 a.m. Get your shootin' arms ready for a bigger shoot than ever and don't forget you are all invited. Lots of eats, lots of turkeys, lots of ham, lots of fun. The date is November 10—guns and ammunition on hand if you do not have them. See you, huh?

Trip to S.F.

Doris McRae of Crystal Bay Club will leave on Monday for San Francisco with her son, Robert. If the weather is bad she will leave by plane for a few days, says Doris, and then backto Crystal Bay, hoping for a big winter season.

Still Hunting

Johnny and Jerry Rayburn say their vacation is not over yet, and is likely to last til the end of the month of November. Johnny has not got his buck yet.

No Deer

Mrs. S. M. Woldemar of Carnelian Bay has left for Richmond after a long stay at the lake. She is one of the best female hunters in the area, and believe it or not she left with no deer.

Quite Sick

Dr. Charles S. Young, owner of property at Kings Beach including the building where the telephone office was for many years, is quite sick at Glendale, according to his sister, Dee Siple. We understand he is in a wheel chair most of the time, and we hope very sincerely that an improvement in his condition will soon occur. By the way, Meredith and Dee Siple have left for Glendale, where they will spend the winter. Dee was quite loath to leave beautiful Tahoe, especially Tahoe Vista, where they have a new home. Come back, Dee, if you don't like it down there and that goes for Meredith, too.

Another Causualty

Now it's our young friend Timmie Mizner that out of circulation for awhile. While playing football against the Emeryville team which was playing against Timmie's team, Military Academy of San Rafael he had a bad collision with two other players. At first it wa sthought no injury resulted, but right after he was taken to the hospital an operation followed. He was to be in the hospital for at least 10 days, to be followed in a cast for a few weeks. His mother and dad were at the game at the time of the accident and were plenty scared. They both visited Timmie again last weekend and were happy to find him comfortable and coming along well.

Interesting

The Women's Club of North Tahoe presented Mary Skaggs with a three years subscription to the Sierra Sun. What a gift, Mary says she demand all the news so that they won't get homesick.

CALLS TO HAWAII TAKE CABLE ROUTE

When someone in the Truckee Lake Tahoe area calls Hawaii by telephone, his voice could travel this path:

Along regular telephone wires to the overseas telephone center in Oakland, then through the air like a radio signal to Point Arena, and then 2400 miles under the Pacific Ocean to Hawaii.

The unusual route has been made possible with the inauguration of the new $37,000 telephone cable system from California to the Hawaiian Islands.

The new cable also has made it cheaper to call the islands. A three-minute, station-to-station call now costs $5.25 if made at night, or on a Sunday or holiday. During the average week day, the call would cost $6.

The new cable, which can carry 36 conversations at the same time, will supplement the regular radio channels which have been handling telephone messages between Hawaii and the mainland.

Originally planned for construction in 1959 the new cable was inaugurated two years early because of defense needs for additional communication facilities to the Hawaiian Islands.

D-DAY LANDING—A 105mm howitzer crew of the 33rd Field Artillery Battalion, part of the command of Brigadier General Theodore Roosevelt, lands on the beach near Oran, French North Africa, during the first great D-Day for American troops on November 8, 1942.

MORE GIFTS FOR LOCAL LIBRARY ARE REPORTED

The Tahoe-Truckee Community Center Library acknowledges more gifts to the collection. C. Z. Smith, a relatively new citizen of the community, has donated a set of 18 enlarged pictures of "Modern Fire Fighting Apparatus" dating from the 17th century to 1921. The series shows industrial progress of the United States covering a period of 300 years.

Mr. and Mrs. Anthony Ryerson, through their emissary, Robert Huega, have presented the library with more than 20 volumes of current fiction and non-fictional works. All the books are in excellent condition and nearly all titles are new to the collection. The Ryersons live at Crystal Bay when they come west from their Lake Forest, Ill., home.

Albert Eberhart, a seventh grader at the high school, has shared his home library with youngsters of the school and district. Among the 10 books of children stories are several that are well illustrated in color.

The J. W. Clarks, of Boca, remain faithful donors of current issues of magazines. The copies they give are used almost exclusively for binding purposes, replacing lost, worn and therwise soiled copies that circulate from the library.

LOCAL TAXES SHOW BIG TEN-YEAR GAIN

State and local property tax collections have increased two and a half times in the ten years from 1946-47 to 1956-57. Since 1955-56 there has been an increase of over nine per cent.

This was disclosed in a study released by the California State Chamber of Commerce.

In reporting on it, Lloyd W. Dinkelspiel, chairman of the chamber's statewide tax committee, said that major taxes and licenses collected by the state and all property taxes received by local government increased from $1,239,338,294 in 1946-47 to $3,384,383,650 in 1956-57. The 1955156 total collected is $3,102,285,546.

City sales tax and property tax, levied by counties, cities, schools and other districts, went from $496,667,867 in 1946-47 to $1,568,000,000 in 1956-57, a rise of $1,071,332,133.

Local property and city sales taxes in 1956-57 show an increase of 12 per cent above 1955-56.

SON OF BIG CHIEF PEOPLE IN FAR EAST

Leonard S. Gardner, seaman, USN, son of Mr. and Mrs. W. S. Gardner, of Big Chief Camp, Truckee, is serving aboard the anti-submarine aircraft carrier USS Princeton, wth the U.S. Seventh Fleet in the Far East.

Since her departure from San Diego, in July, the Princeton has been conducting training exercises and has visited Pearl Harbor, Hong Kong, Sasebo and Jokosuka, Japan.

The famed Henry E. Huntington Library and Art Gallery at San Marino was opened to the public January 27, 1928.

NOTICE TO RECLASSIFY PROPERTY IN ZONE DISTRICT AREA UNIT NUMBER 4, LAKE TAHOE

Notice is hereby given by the Placer County Planning Commission that two public hearings will be held by said Planning Commission on Friday, November 8, 1957 and Friday, November 22, 1957 at the Courthouse, Auburn, Placer County, California, at the hour of 11:00 A. M. to consider the petition heretofore filed by Ray Towers and Thomas F. Joyce, Jr., for the reclassification of the hereinafter described lands from one and two family dwellings to commercial:

A portion of Section 7 T15N, R17E MDB&M. Beginning at the Southeast corner of the parcel described hereby, a point in the center of California State Highway III Pla 38A, from which point the Southwest corner of Section 7 T15N, R17 E, MDB&M bears the following three courses—S2°22'50" W348.41 feet, S0°43' W 582.03 feet, and S89°42'30° W 1900.15 feet; thence along the centerline of said highway on the arc of a curve to the right having a radius of 6000 feet (said arc being represented by the chord of N8°32'20° E 941.14 feet) to a point hereby designated as Point "A"; thence continuing along the centerline of said highway on the arc of a curve to the right having a radius of 6000 feet (said arc being represented by the chord of N 13° 46' E 153.32 feet): thence continuing along the centerline of of said highway on a tangent to the last mentioned curve N14°30'E 641.5 feet, more or less, to the East-West centerline of said Section 7, thence Westerly along the East-West centerline of said Section 7 for a distance of 970 feet; then at right angles South 150 feet to a point; thence Southerly in a direct line to a point which is located S89°42'30° W 520 feet from a point in the said State highway, the last mentioned point in the said highway being distant N 13°46' E 61.78 feet from the afore mentioned Point "A"; thence S25° 35' E 66.52 feet to a point on a line which bears S89°42'30° W from the aforementioned Point "A"; thence S89°42'30" W 43 feet, more or less, to a point which is distant S89°42' 30° W 520 feet from the aforementioned Point "A"; thence Southerly in direct line to a point distant S89°42'30" W 540 feet from the point of beginning; thence N 89° 42' 30" E 540.00 feet the point of beginning.

Excepting therefrom that portion lying within the boundries of the California State Highway.

Containing 23 acres, more or less.

At said hearing all persons in favor of the granting of said petition and all persons opposed thereto may be heard.

Dated: October 18, 1957.

HARRY STUBLEY, Secretary
Placer County Planning Commission.
NANCY CAPERON, Clerk of said Commission.

REPAIRS COMPLETE AT SUMMIT SKI AREA

SODA SPRINGS — Sherman Reams, director of the Soda Springs Ski Corporation, announced that as soon as sufficient snow falls, the Soda Springs ski area is ready to go into full operation.

Reams said that new unloading ramps have been installed at the top of the hill and for the intermediates. The parking area has been surfaced with 500 yards of gravel base and troublesome rocks and stumps have been removed from the slopes.

The later activity will provide earlier skiing than in the past and all rope tows and J-Bars are ready and all facilities have passed the required inspection by the California Industrial Safety Division. Max Williamson is the secretary-manager of the corporation.

The Zurney Lumber Company sawmill in east Truckee was closed down for the winter last week.

CARD OF THANKS

Dode, Red and Gary Trapp of the Skookum Chuck wish to express our gratitude to our friends and customers who made our stay here a pleasant one, we will always cherish the memory.

lect fees and taxes and then refund much of the proceeds back to the county, and the cities of Grass Valley and Nevada City. When this district needed a hospital, it was financed locally and with the aid of North Tahoe and other nearby areas, after we were refused even moral support from the county. Our schools, under the county were in such a deplorable condition that many families refused to send their children to them. We asked for aid and were refused, so we formed our own district and again with Tahoe cooperation bought our own. We pay for our fire department and sanitary facilities as well as other services just as Nevada City and Grass Valley do. We admit the county maintains one or two facilities here, including what might be called a jail, a convenience material barn for road equipment, and pays three deputies sheriff a total of approximately $1000 a month. In lieu taxes, liquor license taxes, motor vehicle fees and other major items collected in the Truckee community make their way in part to the county coffers, and when some one tries to tell us that we are not paying our own way, it is rather ridiculous, to say the least. The justice court alone contributes something over $40,000 annually to the county and we believe that "some" of our "freight" is paid for through this item. This newspaper has never opposed a sales tax and the people of Truckee, we feel sure, would not oppose such a levy if it meant we would enjoy an equitable return. Unfortunately, the board of supervisors cannot give us this guarantee as we are only another segment of the unincorporated portion of the county and legally entitled to only what is doled out. We have no quarrel with the board. In our opinion, we currently have the best board that we have ever had—men of highest integrity, each serving the best interests of his district, and the county. We believe they appreciate and understand our position, and realize we are demanding nothing more than to be accepted as a part of the county willing to share in its costs, but equally anxious to derive our full share of benefit.

Zoning Plan

Continued from Page 1

T. Parsons, planning consultant, said.

However, after the passage of the emergency ordinance, the local property owners seemed to assume that nothing further needed to be done, and nothing was done. In the meantime, the commission has tried to administer the ordinance to accomplish the best effects, and some good has doubtless been done, but during the two-year "emergency," the ordinance has admittedly become badly worn at the edges and sorely needs replacement, Parsons declared.

At the meeting last week, the commission decided against waiting any longer for action by the original proponents of the ordinance, and voted to proceed with a study of the area involved, looking toward the adoption of such precise zoning as may be required as a part of a general master plan for the entire county.

It is expected that preliminary studies can be completed by May 1 of next year so as to permit preparing maps of the area along both sides of Highway 40 from the snow gates to and through Truckee, and showing tentative boundaries of the suggested residenial, commercial, and industrial zones. These maps can serve as a basis for discussion at public hearings to be held in Truckee and possibly elsewhere, the commission then will prepare an ordinance on the subject for submission to the supervisors, who will then hold additional hearings before taking final action.

RED CROSS ACTS TO SAVE SWIM PROGRAM

The board of the Tahoe Truckee branch of the American Red Cross has voted to continue sponsorship of the summer swim program in the belief that various community organizations will share in the costs with the Truckee and Auburn chapters.

Donations are already being accepted and a special account for the fund has been opened at the bank.

Until last summer the program was greatly assisted by the school district which provided transportation and a substantial sum of money toward the instructor's fee. The board, however, announced it could no longer aid in the finance but would provide transportation. Last summer the program was carried on under a reduced plan for three weeks instead of six, with the two Red Cross chapters, the Truckee and Tahoe Lions Club sharing in the cost.

It is not possible for this community to obtain a volunteer instructor, the board pointed out, and so the need for cash is paramount if the program is to be continued.

Board meeting of Truckee Branch Chapter of American Red Cross will be held at Tahoe-Truckee High School at 8 p.m. Tuesday, November 12.

Basketball Season Starts December 6

With 60 candidates answering the call for practice on Monday, Tahoe-Truckee High School opened their 1957-58 basketball season with high hopes for a successful season. The Wolverines open on December 6th at South Tahoe and close out regular play on February 22 at Stewart with an 18-game schedule, which includes nine home games and a like number of tilts on the road, as well as the annual Northern Nevada Zone tournament in Reno on February 26 through March 1.

Coach Jim Brehler will again be directing the varsity Wolverines, while first-year man, Guy Wilson, will take over the reins of the junior varsity Cubs. Wilson is a former Fresno State College athlete and has coached at Ceres and San Jose.

The variety, with a nucleus of six returning lettermen to build around, will be shooting to improve on last year's record of 10 wins in 20 starts, including big victories over Loyalton, Winnemucca, Yerington and Manogue. The Cubs posted a season record of nine wins in 17 starts during the 1956-57 season.

Both teams should come up with good overall heigth and rebounding strength. The varsity will have at least six men who will top the six foot mark, while the Cubs should come up with three or more players who can match this mark.

The 12-man varsity and 15-man junior varsity squads shall not be determined for a week or more in order to allow all football players an opportunity to complete their season and then make their bids for a place on one of the two hoop squads.

The 1957-58 schedule for Tahoe-Truckee follows:

Dec. 6—At South Tahoe.
Dec. 7—Loyalton at Truckee.
Dec. 13—At Hawthorne.
Dec. 14—Carson at Truckee.
Dec. 20—Yerington at Truckee.
Jan. 4—At Carson.
Jan. 11—Stewart at Truckee.
Jan. 17—At Manogue.
Jan. 18—South Tahoe at Truckee.
Jan. 24—At Winnemucca.
Jan. 25—At Lovelock.
Feb. 1—Lovelock at Truckee.
Feb. 7—Douglas at Truckee.
Feb. 8—At Loyalton.
Feb. 14—Winnemucca at Truckee.
Feb. 15—At Douglas.
Feb. 21—Manogue at Truckee.
Feb. 22—At Stewart.

Home games starting times. Junior Varsity games—6:45 p.m. Varsity games—8 p.m.

LIONS PLAN TO SELL CHRISTMAS TREES

The Truckee Lions Club will be in the retail Christmas tree business this year, according to present plans. The committee in charge reported at the meeting last night at Donner Lake Lodge that 200 No. 1 trees had been contracted for and that further details will be announced later.

J. E. Holgate of San Lorenzo and N. C. Camp of Truckee were visitors, Orla Swauger presided in the absence of President Ben King.

Plane Crash

Continued from Page 1

witnessed the accident from his Oil City Service Station nearby.

Both Well Known

Both victims were well known in this area. Buek, an internationally known skier was a member of the 1952 Olympic team. He was one of the most daring skiers known and once skied straight off Squaw Peak. He had survived many spectacular accidents and only a year ago this summer was pulled from his submerged plane after it crashed in Donner. His passenger, Miss Mary Ann Tonini, also escaped unhurt. Prior to that he made a forced landing on Lake Van Norden and walked away unhurt.

Buek was nearly killed in 1953 in a motorcycle crash near Concord, and last summer fell from a 40-foot utility pole near Truckee. He escaped drowning in Lake Tahoe last July after a borrowed sailboat overturned. Buek relished the cognomen "The Madman of Donner Summit," earned through his daring on skiis, which won him international recognition.

War Veteran

He was the son of Mr. and Mrs. Carl Buek who operate a ski shop at Soda Springs and is survived also by a sister. Funeral services were held in his native Oakland Wednesday.

Buek was born November 4, 1929 and was a veteran of the army.

Robarts was a native of Stockton, born June 13, 1930. He attended the McClatchy High School at Sacramento and junior college at San Luis Obispo. He was a member of the Truckee20-30 Club.

Robart Rites

Funeral services were held today at 2 p.m. at the Truckee Colonial Mortuary with Rev. Earl Langguth officiating. Interment will be in Truckee cemetery.

Robarts operated a service station at the west end of Donner Lake and was the father of three small children, Keith, Michael and Debra, all of pre-school age. His wife, Virginia, was visiting in the bay area at the time of the mishap.

He is also survived by his parents, Mr. and Mrs. Charles Richard Robarts of Lodi and two brothers.

Many Witnesses

There were a number of witnesses to the crash, including Arthur Mori of Donner Lake and Floyd Carnell of Tahoe, who was at the former's home.

The Truckee Fire Department rushed an inhalator to the scene and officers of the California Highway Patrol gave assistance, but efforts were futile.

The bodies were taken to the Truckee Colonial Mortuary and Coroner Alvah Hooper conducted the investigation.

Lee Apple, manager of the Bank of America announced this week that the local branch of the bank will be closed on Monday, November 11, in observance of Veterans Day.

Apples At Bay—

Mr. and Mrs. Lee Apple returned from a visit at Berkeley with relatives.

Randalls South

Mr. and Mrs. W. D. Randall returned from a vacation at Las Vegas, Twenty-Nine Palms where they visited Mr. and Mrs. Ed Myers and continued to Los Angeles before coming home.

Leave Finished—

Jim Bowden left last weekend after visiting his uncle and aunt, Mr. and Mrs. A. B. Cook while on a 30-day leave from U.S. Navy duty. Bowden met many former high school classmates during his stay.

Two Party—

Randy Russell celebrated his birthdate on Tuesday, preceding the birthdate of his mother, Mrs. Lauren Russell by one day.

From Healdsburg—

Jess Zimmerman of Healdsburg was a recent local visitor.

HOURS CHANGE FOR DONNER THEATER

Prince of the Pirates, starring John Derek will be the feature attraction of Saturday afternoon's matinee at the Donner Theater, Manager Jack Neugebauer announced. Another electric train will be awarded. Last Saturday's train went to Kathleen Kenyon.

Neugebauer also announced that starting Monday, November 11, the theater will have only one show nightly—from 7:30 to 9:30—with the box office opening at 7:15. However, two shows at the regular hours—starting at 7, will be shown Friday and Saturday each week. The schedule will be maintained until further notice, Neugebauer said.
